Materials

CLOVER

- "Kantian Couture" Bead Embroidery Tool (Art No. 9900)
- Clover Turnable Hoop (Art No. 8815)
- Embroidery Stitching Tool Needle Threader (Art No. 8810)
- Organdy 12 inch x 12 inch for each pattern
- "Kantian Couture" Bead Embroidery Tool Thread <SILVER> (Art No. 9901)
- Beads (green) 300 pcs. approx.
- Sequins (dark green) 6 mm 70 pcs. approx.
- Sequins (bright green) 5 mm 20 pcs. approx.

Patterns

1. Stitch the outline of clover leaves with green beads.

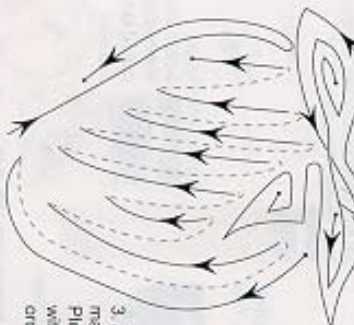

2. Stitch the inside of the outline (step 1.) with green beads continuously.

4. Apply the dark green sequins inside of the leaves by propping against the line of beads.

5. Apply another sequins to fill the space on each leaf.

3. Stitch the stem from its outline to inside in which to fill the space fully with green beads.

Step by step

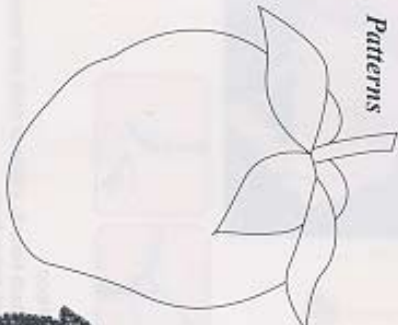

2. Stitch the left side of the outline with red beads.

3. Apply the red sequins to make a strawberry. Please remember to stitch with spangles in descending order.

1. Make chain stitch for the hull with 2 colors of embroidery thread No. 5 by filling the space.

Step by step

Beads (red) 40 pcs. approx.

Sequins (red) 70 pcs. approx.
